

Schedule an Appointment Using the CareATC Mobile App

Step 1

Scan the QR code below to download the CareATC app. Follow the prompts to verify your identity and activate your account.

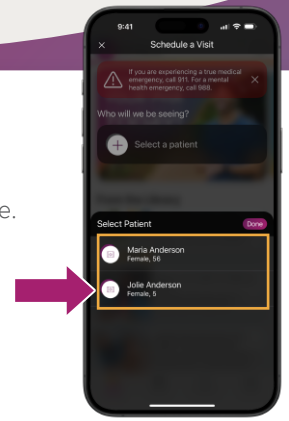

Step 2

Select **Schedule a Visit** from the main menu.

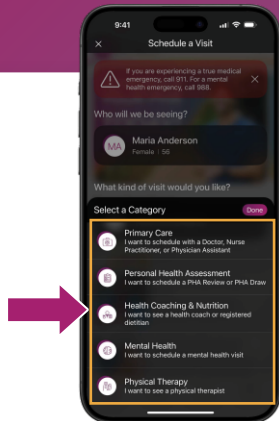

Step 3

Choose the patient name.

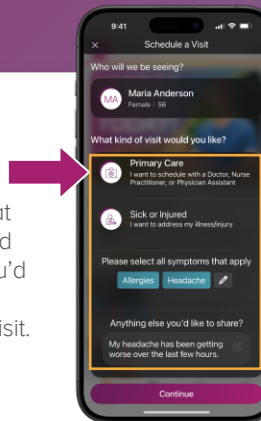

Step 4

Select a category for your visit.

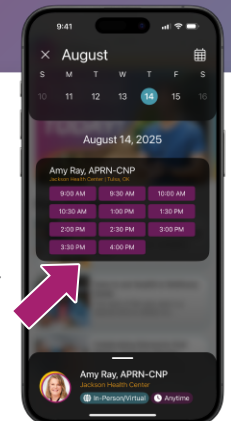

Step 5

Select all symptoms that apply and add any notes you'd like to share before your visit.

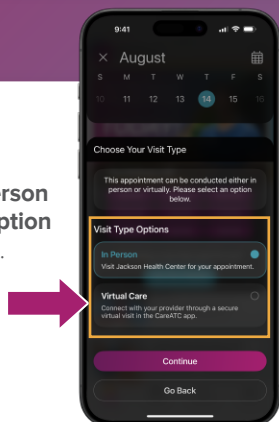

Step 6

Select a provider and choose an available appointment time.

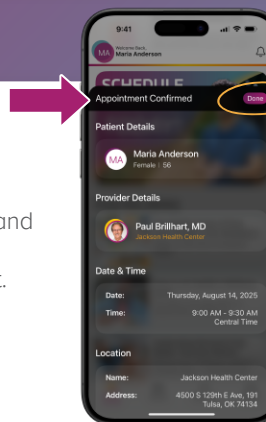

Step 7

Select **In-Person** or **Virtual** option for your visit.

Step 8

Review the information and confirm your appointment.
