

Programs focus on academic improvement and fostering positive relationships through adult mentorship, social-emotional learning, and character development. They offer engaging enrichment opportunities through project-based learning. Programs also create prosocial experiences that reduce risky behavior and support the success and well-being of youth.

OUR MODEL

FOR EVERY

\$1

AT LEAST

by increasing earning potential, increasing school performance, and reducing juvenile delinquency

invested in afterschool programs...

MISSION
To provide a safe and positive environment where youth grow academically, socially, and emotionally.

2024/25 SUMMARY

- 11 high-quality school-based programs within Granite School District
- Underserved areas of Kearns, Magna, and West Valley City
- 8 summer programs, serving 500 youth
- Increased family engagement efforts
- Met all high-quality afterschool programming standards

Our afterschool programs collaborate with outside experts who facilitate prevention groups. The curriculums include:

- Too Good for Drugs and Violence by USU Extension
- Stressbusters and Me Time by SLCo Youth Services Prevention Team
- Voices by Volunteers of America

OUR HIGH-QUALITY PROGRAM

Our Afterschool Program sites create safe and positive environments for youth every day after school until 5:30 pm. They provide supervision and positive adult relationships that build protective factors among youth and prevent juvenile crime during after school hours.

KEEPING KIDS SAFE

INSPIRE LEARNING

Providing opportunities for students through academic and enrichment each day.

Students report:

- 87% Work harder to be a good student
- 85% Improved relationships
- 91% Think it's important to graduate high school
- 87% Believe being healthy is important
- 71% Interested in learning more about STEM
- 82% Improved Behavior

Assessment

85% aligned at the end of the year
when measured by the
School Day Alignment rubric.

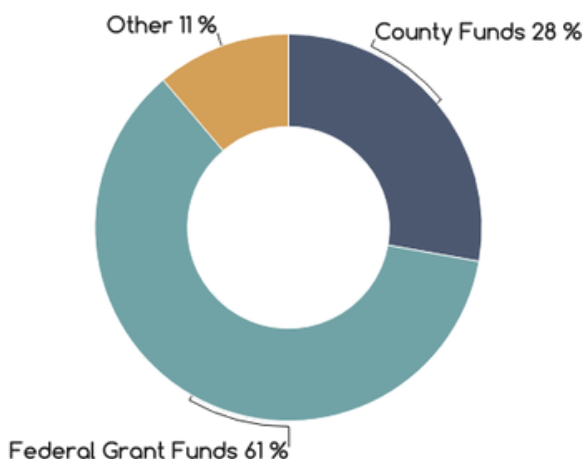

This observation tool measures program quality and staff development needs using best-practice standards across youth-serving settings.

MEASURING SUCCESS

“In today’s economy, safe, affordable, reliable support is more important than ever to help working families and strengthen our workforce. Our youth thrive when surrounded by a strong system of care and opportunity.”

- Danielle Latta, Afterschool Program Manager

SUSTAINING HIGH-QUALITY PROGRAMS THROUGH PARTNERSHIPS AND FUNDING

Federal Grants include Department of Workforce Services and 21st Century Community Learning Center
