

# Future Park Improvements

## 1 "The Heart of the Park"

This area is thoughtfully designed to prioritize the human experience through four distinct, small-scale zones. Visitors can cool off in the Splash Zone or take in the scenery in the Mountain View Zone. For those seeking a bit of tranquility, the Garden Zone offers an escape, while the Play Zone caters to everyone with its multi-generational play design, ensuring that the park remains an inclusive and engaging destination for all ages.

## 2 New Restroom

Immediate need for a new restroom near the bike courses and disc golf course. See enlarged Area Plan.

## 3 Pickleball Complex

New 12-court pickleball complex, with Group Pavilion, Administration building with additional exterior restrooms and seating. See enlarged Area Plan.

## 4 Tree Cover Establishment

New tree plantings and irrigation extension for disc golf holes along the north section of the park. Tree plantings will provide obstacles within the park as well as shade for players. See enlarged Area Plan.

## 5 Non-programmed Open Space

Sloped open lawn area (available for non-sport park users), group pavilion, playground, basketball court.

## 6 North Multi-purpose Sport Fields Expansion

Three multi-purpose sport fields with parking, restrooms and group pavilion.

## 7 Bike Skills Course

Bike skills course, jumps, multiple skill level routes, restroom facility shared with Rad Canyon.

## 8 Southeast Multi-purpose Sport Fields Expansion

Two multi-purpose sport fields with parking, group pavilion and small playground.

## 9 Championship Field

Full-size multi-purpose sport field with bleachers, restroom building. Field may be artificial turf or turf grass.

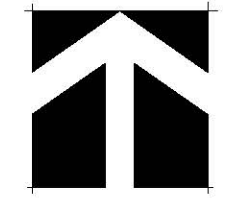

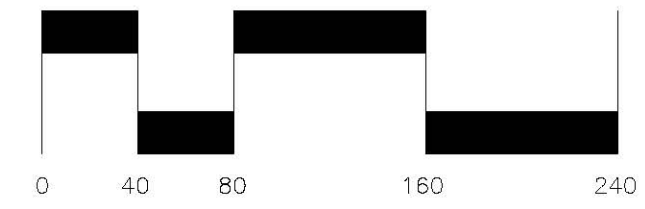

## 10 Tennis Courts

8 tennis court complex.

**A** Note: This area was classified as an urban landfill. Approved remediation plan dictated no disturbance of existing landfill surface and requires no remediation. Any disturbance to this landfill area will require a cap and ventilation.
